

Viraj Janardan Thukrul

virajthukrul0404@gmail.com

Profile

First-year engineering student at Smt. Indira Gandhi College (Mumbai University) with strong interest in coding and building practical technology projects. I enjoy experimenting with new ideas, participating in hackathons, and developing tools that improve productivity and learning.

Education

Bachelor of Engineering (B.E.) – First Year Smt. Indira Gandhi College, Mumbai University Mumbai, India

Projects

- FlowForge – Productivity platform with Pomodoro timer and collaborative study environment.
- Clario – EdTech platform contribution (<https://clario-edtech.vercel.app/>)
- Python Mini Games – Tic Tac Toe, Flappy Bird, and Number Guessing Game.

Skills

Python, JavaScript, HTML, CSS, C, C++

Hackathons

Participated in two hackathons. No wins yet — but more are coming.
